SOUND? SCENT? MEASURABLE VALUES? WHERE IS MY "ENEMY"?

After the contact, my body felt weary and I felt depressed. My mind feels like it's made of lead.

My Geiger counter detected unbelievable levels of radiation.

M City of Tokyo.

CHECK!!

All those moments will be lost in time

LEVEL.4

BEEP BEEP BEEP BEEP

But the device just keeps on beeping

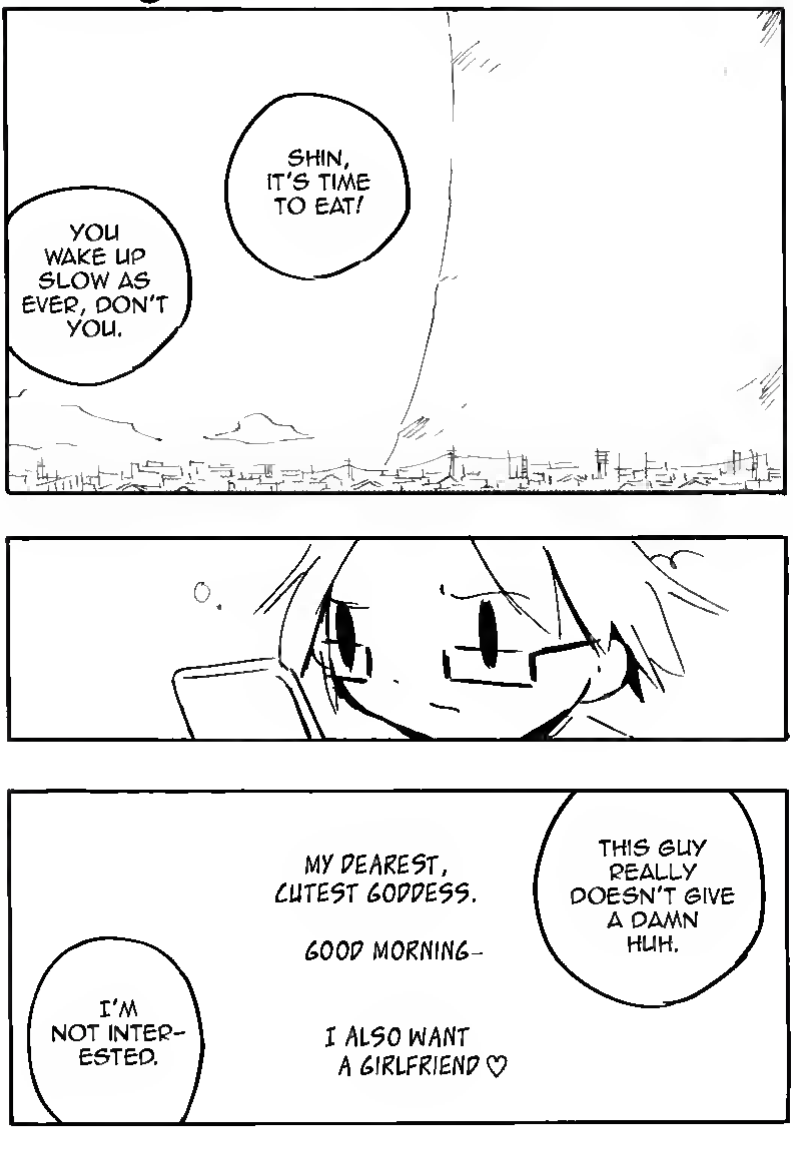
Obviously, the radiation has no color, no scent, and no taste.

BEEP BEEP BEEP BEEP

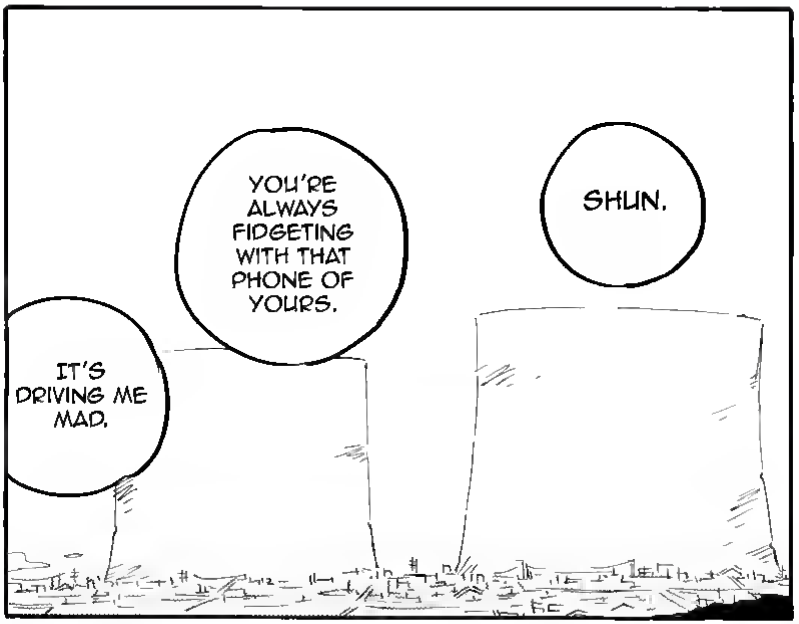
[THE STORY SO FAR]

Shin Hayakawa and Mana Ikeda are third year high school students who are about to take the entrance exam. They're a bit different from other people. They live in M City, a place with three gigantic nuclear reactors.

Young, Alive, in Love



SHIN, IT'S TIME TO EAT!
YOU WAKE UP SLOW AS EVER, DON'T YOU.
MY DEAREST, CUTEST GODDESS.
GOOD MORNING-
I ALSO WANT A GIRLFRIEND ♡
THIS GUY REALLY DOESN'T GIVE A DAMN HUH.
I'M NOT INTER-ESTED.

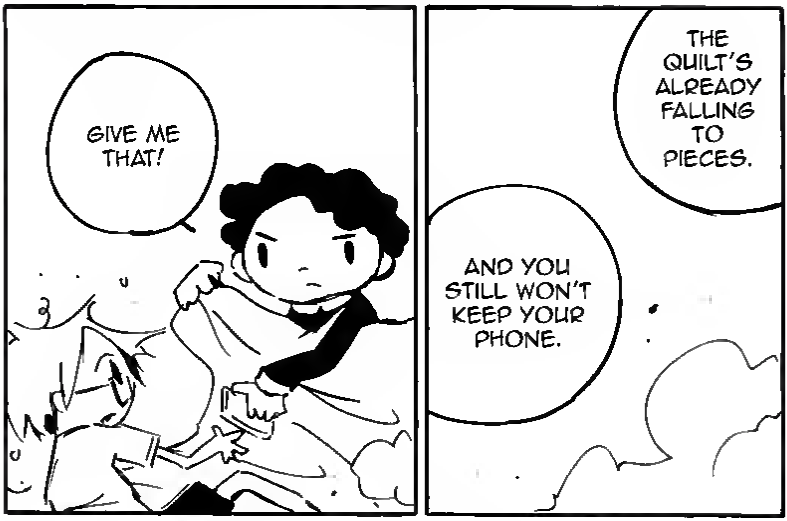


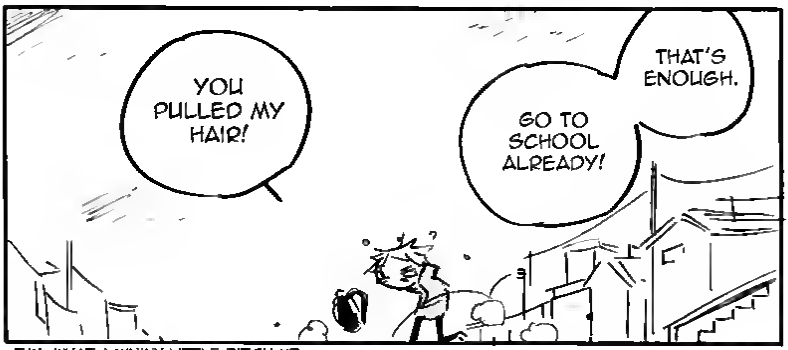
I haven't gone to school for a week.

But it's not because I want to stay at home.

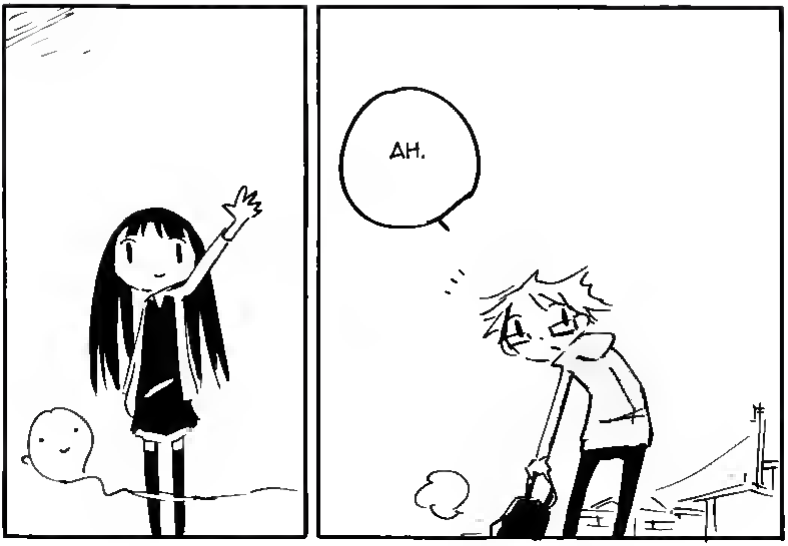
It's just that I don't want to go outside.

Young, Alive, in Love

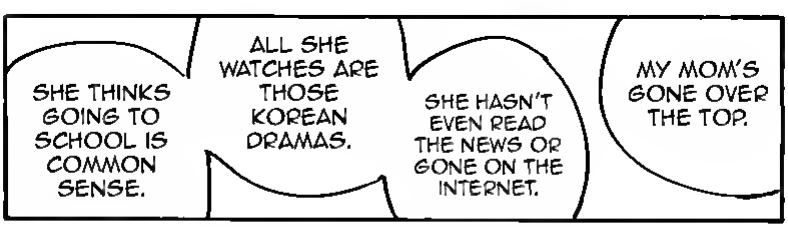




T/N: WHAT A WHINY LITTLE BITCH XD
EDTR: YEAH XD



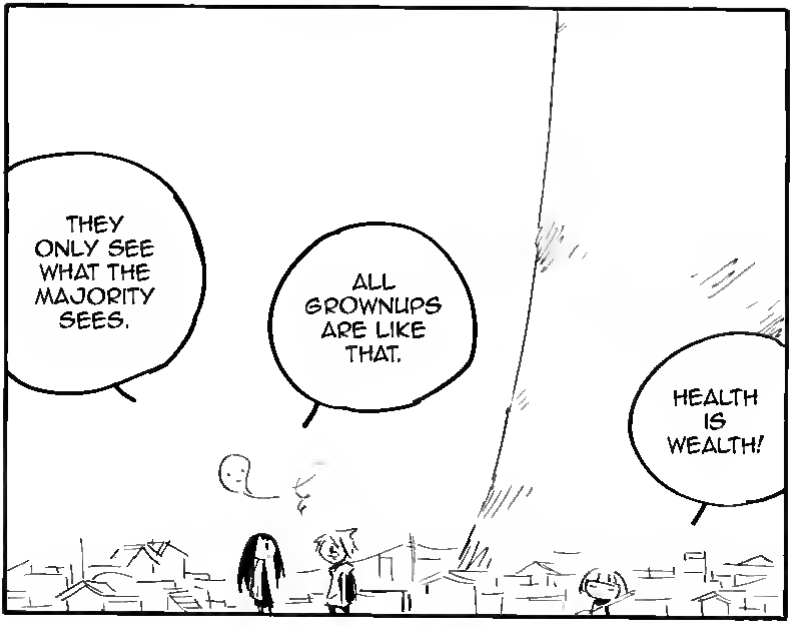
AH.



SHE THINKS GOING TO SCHOOL IS COMMON SENSE.
ALL SHE WATCHES ARE THOSE KOREAN DRAMAS.
SHE HASN'T EVEN READ THE NEWS OR GONE ON THE INTERNET.
MY MOM'S GONE OVER THE TOP.

COMMON SENSE IS A GHOST.
THEN THOSE REACTORS ARE ALSO A PRODUCT OF COMMON SENSE?

Young, Alive, in Love



THEY ONLY SEE WHAT THE MAJORITY SEES.
ALL GROWNUPS ARE LIKE THAT.
HEALTH IS WEALTH!
WELL, IT'S AL-RIGHT.
THAT'S A DARING THING TO SAY.
THAT'S BECAUSE I INTEND TO MAKE THIS PLACE INTO A BATTLEFIELD.

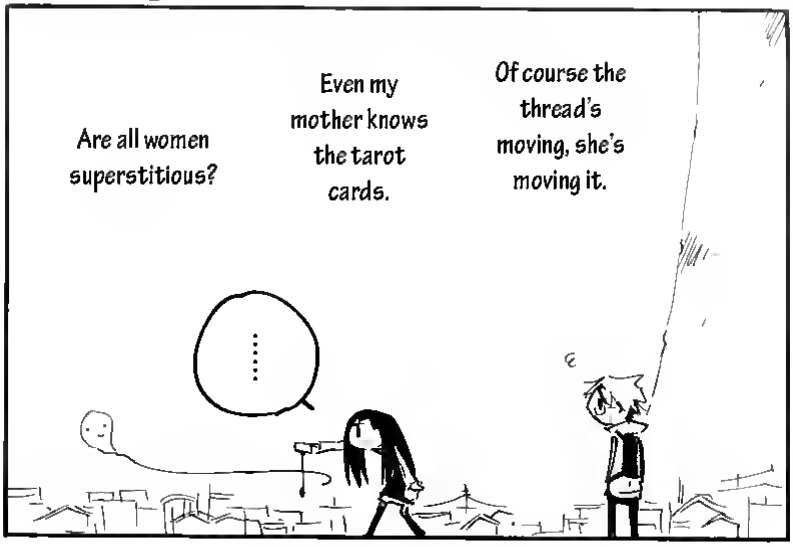
Mana Hieda started seeing the spirits after her mother passed away.

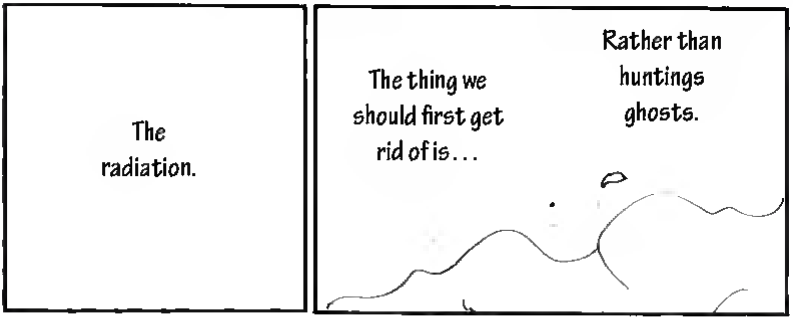
Of course, most adults don't understand her.

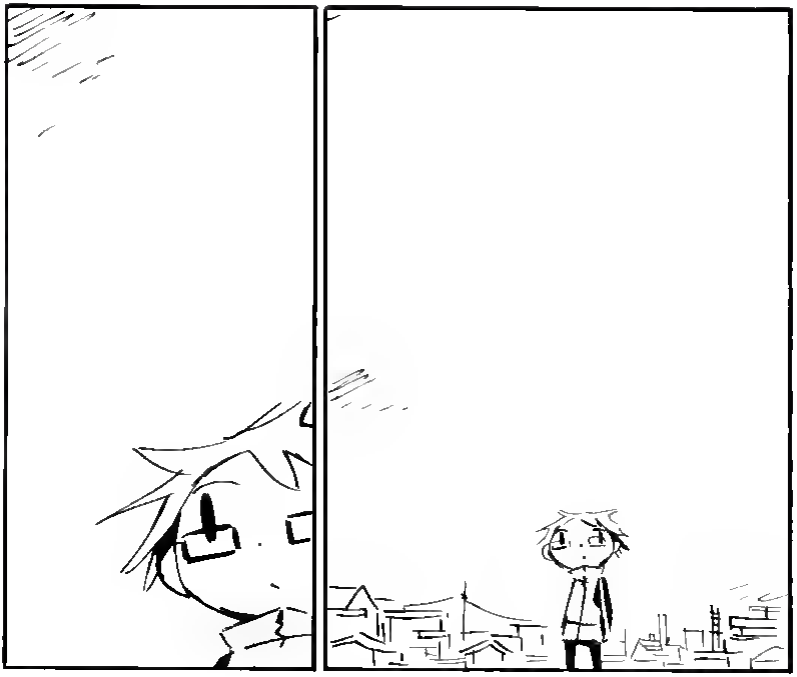
Depression, full of nonsense, crazy, supernatural.

Actually, I don't really get her either.

Young, Alive, in Love







Which also means I can't see the radiation levels.

But this was most unexpected.

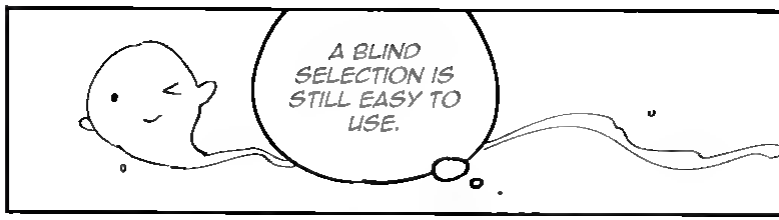
Young, Alive, in Love

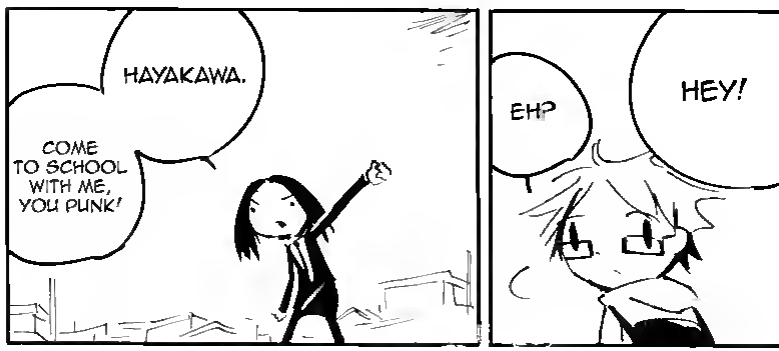
Before my eyes is a scene from the past.

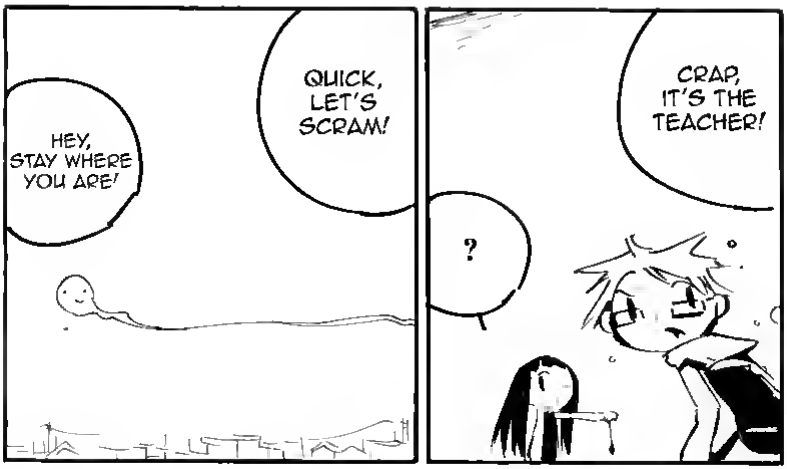
It wasn't depressing then.

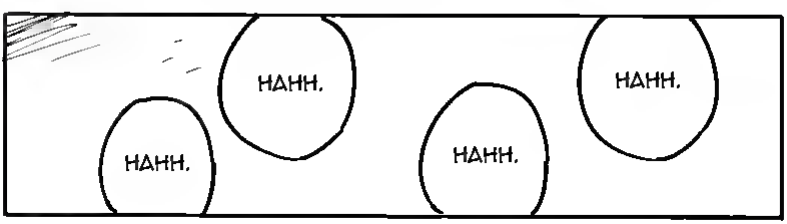
I could still breathe.

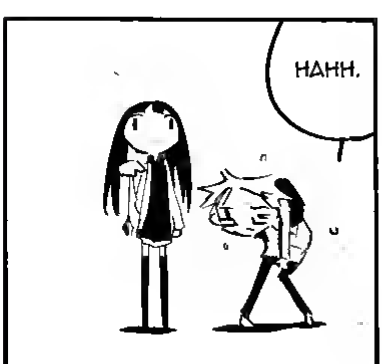
That which I can't see, smell, or taste.





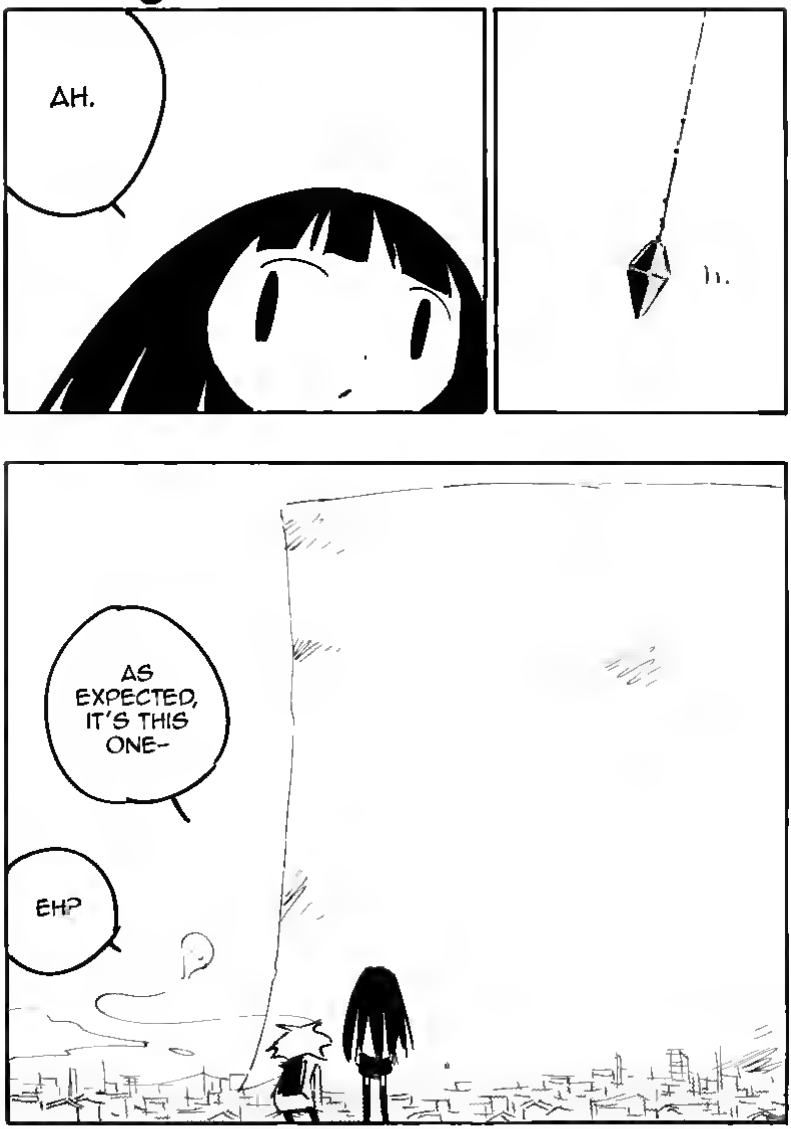




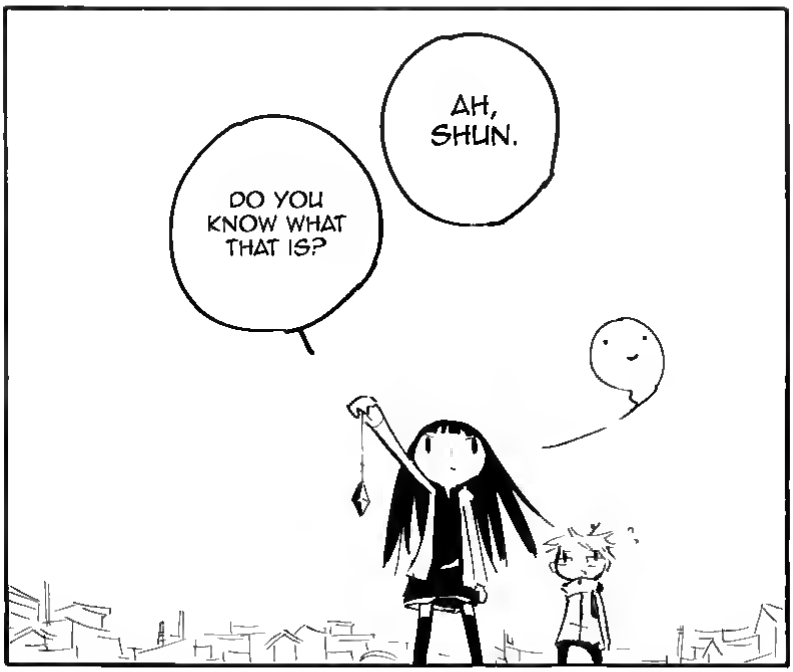


Gasping for air, we didn't care to ask whether we were allowed to breathe.

After running this way and that around the city, we finally lost him.

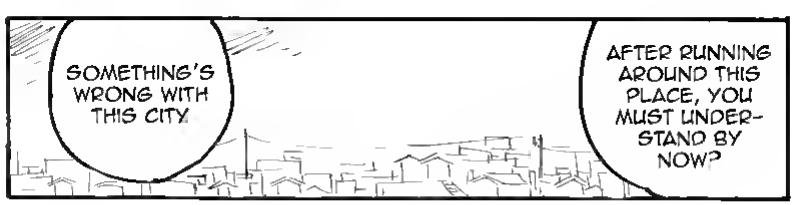


AH.
hi.
AS EXPECTED, IT'S THIS ONE-
EH?

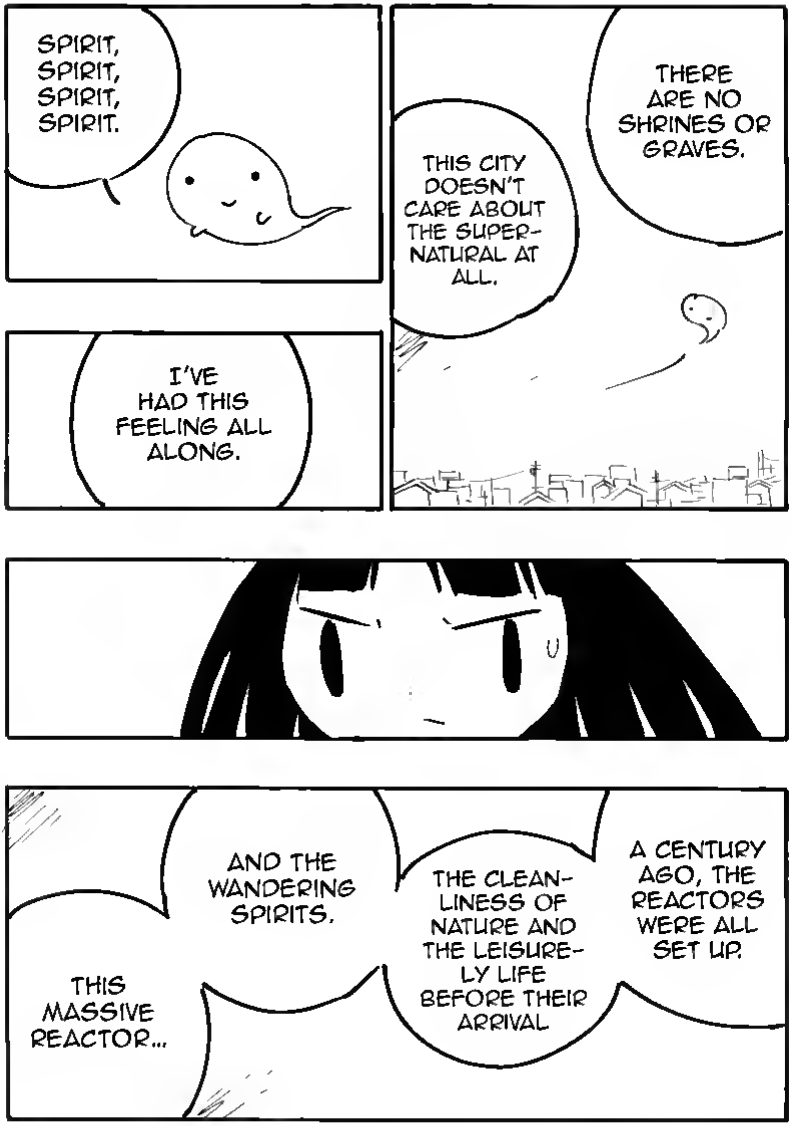


That's Tower #1, right?

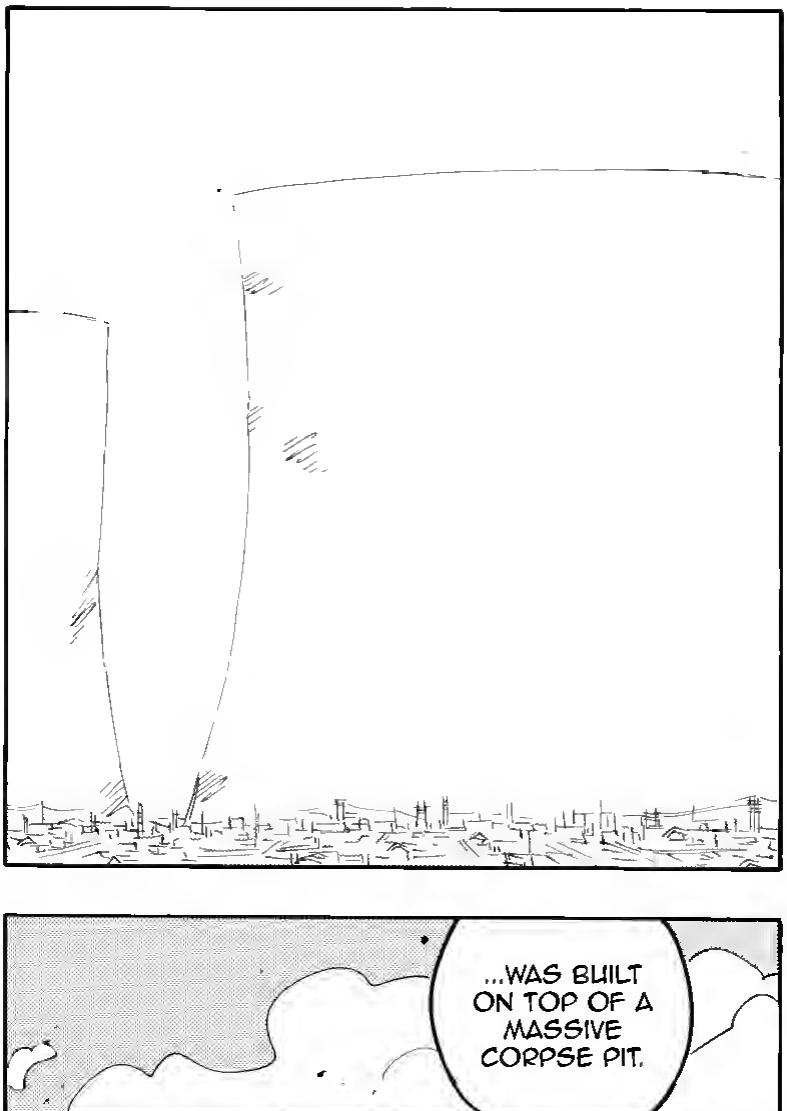
The central district of Tokyo's M City.



Young, Alive, in Love

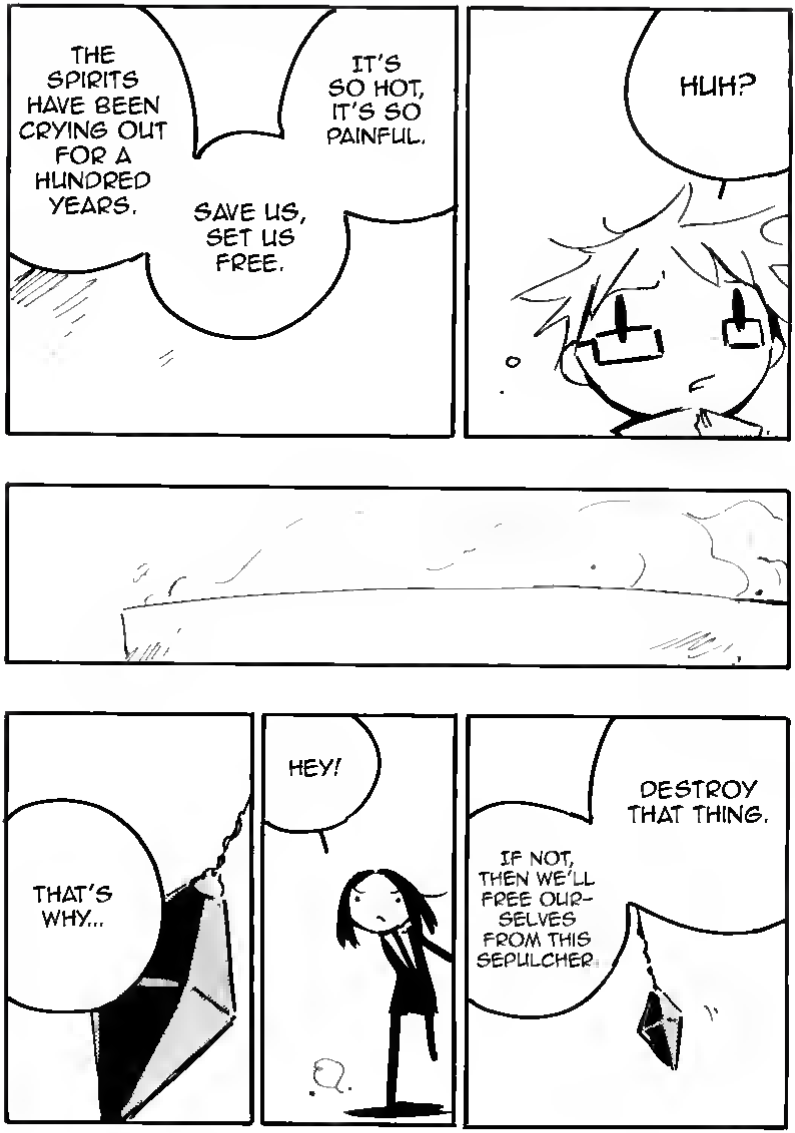


SPIRIT, SPIRIT, SPIRIT, SPIRIT.
THERE ARE NO SHRINES OR GRAVES.
THIS CITY DOESN'T CARE ABOUT THE SUPER-NATURAL AT ALL.
I'VE HAD THIS FEELING ALL ALONG.
A CENTURY AGO, THE REACTORS WERE ALL SET UP.
THE CLEAN-LINESS OF NATURE AND THE LEISURE-LY LIFE BEFORE THEIR ARRIVAL
AND THE WANDERING SPIRITS.
THIS MASSIVE REACTOR...

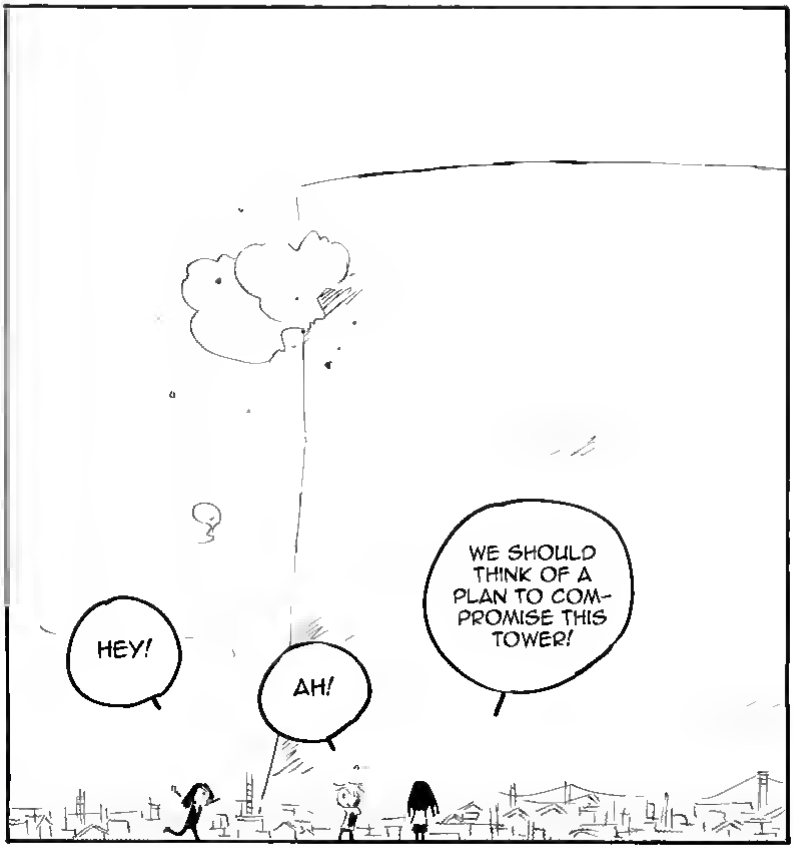


...WAS BUILT ON TOP OF A MASSIVE CORPSE PIT.

Young, Alive, in Love



THE SPIRITS HAVE BEEN CRYING OUT FOR A HUNDRED YEARS.
IT'S SO HOT, IT'S SO PAINFUL.
SAVE US, SET US FREE.
HUH?
THAT'S WHY...
HEY!
DESTROY THAT THING.
IF NOT, THEN WE'LL FREE OUR-SELVES FROM THIS SEPULCHER.



And this is how our war against the reactor began.

But no matter how you look at it, I bought into the whole thing.

Was she really crazy after all?
